

Leibniz ScienceCampus

Eastern Europe – Global Area (EEGA)

Call for Applications:

EEGA@enrichment: Mid-term Stays for Guest Scholars in Leipzig, Halle and Jena

Deadline for submissions: 9 June 2017

Start of funding: ongoing, starting from 1 October 2017

Funding period: min. 4 weeks to max. 4 months

The Leibniz ScienceCampus EEGA:

The Leibniz ScienceCampus “Eastern Europe – Global Area” (EEGA) is committed to developing new research perspectives on Eastern Europe, engaging in knowledge exchange activities on the region with stakeholders, and promoting young researchers. It follows the idea that the multi-disciplinary and multi-faceted examination of processes of globalisation are a key for a better understanding of actual societal developments. The focus is on Eastern Europe’s diverse, tension-filled, and sometimes paradoxical globalisation projects “from within” and “from the outside”, and thus, on the self-positioning of Eastern European societies under the global condition.

The EEGA brings together interdisciplinary knowledge and expertise from researchers affiliated with both universities and research institutes in the Leipzig-Jena-Halle science region. Together with partners from the region, the EEGA explores the fields of migration and mobilities; business strategies and political economies; cultural and intellectual perspectives and identities; and political integration in a changing global arena. Overcoming prejudices and clichés, some of which are rooted in the era of the Cold War, and promoting an informed understanding of Eastern Europe in its diverse traditions and positions, developments and (internal) dynamics, are the primary mission.

Research Areas:

The EEGA focuses on five Research Areas:

- Research Area 1: Mobilities and Migration Regimes in Eastern Europe
(Coordination: Judith Miggelbrink and Helena Flam)
- Research Area 2: The Self-Positioning of Eastern Europe in a New World Order In-The-Making
(Coordination: Frank Hadler and Matthias Middell)
- Research Area 3: Business Strategies and Frameworks of Political Economies
(Coordination: Sebastian Henn, Thomas Glauben and Thorsten Posselt)
- Research Area 4: Cultural and Intellectual Perspectives and Identifications
(Coordination: Jürgen Heyde, Yvonne Kleinmann and Stefan Troebst)
- Research Area 5: Eastern Europe in Times of Europeanisation
(Coordination: Gert Pickel and Holger Lengfeld)

Details:

The EEGA invites for applications for a mid-term stay of visiting scholars at the member institutions of the ScienceCampus in Leipzig, Halle and Jena. We explicitly invite scholars at the PostDoc-level from the region to stay at the EEGA for a short-term fellowship, but also encourage applications from senior researchers from other countries who are active in the fields of Eastern European Studies, European Studies, Global and Area Studies, and the disciplines involved in the EEGA.

We welcome proposals for mid-term stays for a) seminars, lecture series and other teaching formats in the MA- and PhD-programmes affiliated with the EEGA, b) joint research projects with junior and senior scholars in the EEGA, and c) collaboration in publication projects.

Applications must be related to the research focus of one or more research areas of the EEGA. Preparatory contact with the respective research area coordinators is strongly advised. As the EEGA is devoted to interdisciplinary approaches, applications which connect more than one member institution of the ScienceCampus are highly welcome.

The duration of the stay relates to the scope and type of activity envisaged. It may not exceed 4 months. The support of visits for the execution of individual research projects unrelated to EEGA activities is not foreseen. Start of funding is possible between 1 October 2017 and 1 March 2018.

Commitment:

Guest scholars are asked to publish a summary of their stay in the Campus' online journal or in form of a short working paper (ca. 3000 words). Depending on the type and duration of their stay a presentation of their research focus/project at internal colloquia of the partner institution(s) or within the EEGA forum is foreseen.

Support:

The Leibniz ScienceCampus EEGA supports successful applicants substantially as well as financially in form of travel allowances and mid-term fellowships. Rates are defined individually, related to origin and employment situation of the guest scholar, as well as duration and purpose of the stay in Leipzig, Halle or Jena. Fellowships are intended to cover the recipients' costs of living in the Leipzig-Jena-Halle science region and may not be used to supplement grants from other funding organizations or income from employment.

Applications must include:

1. Motivation letter
2. CV (incl. current status of employment, research interests and fields of expertise)
3. Purpose / task schedule for period of funding with a convincing argument for the length of the period the applicant wishes to spend with the EEGA
4. Principal point of contact (researcher/institution) within the EEGA

Please submit your application as 1 PDF (max. 10 pages, 3 MB) to info@leibniz-eega.de.
